informazioni tecniche 219

Scegliere un divano cierre imbottiti è certamente una dimostrazione di buon gusto, ma riuscire a realizzare questi prodotti è qualcosa di più complesso che non si riduce a semplice operazione commerciale, ma rientra nella sfera delle emozioni forti e delle passioni irrinunciabili. Ciò che ci permette di proiettarci nel futuro e di continuare a immaginare qualcosa che ancora non esiste é la convinzione di essere il frutto di un percorso lento e ponderato che affonda le sue radici nella cultura artigianale italiana. La storia di un'azienda non è solo il suo biglietto da visita, ma la garanzia di un bagaglio culturale a cui attingere e da cui trarre gli elementi fondamentali nella creazione di un design innovativo. Grazie alla nostra storia sappiamo che l'eleganza è tale solo se viene sviluppata nella massima semplicità e solo allora si ottengono oggetti il cui valore estetico è fuori dal tempo. Tutto questo è stato possibile grazie ad un lavoro costante che ha accompagnato cierre imbottiti per quasi quarant'anni ed ha permesso a più generazioni di uomini e donne di condividerne i progetti e gli obiettivi. Se oggi siamo in grado di realizzare questi mobili lo dobbiamo agli artigiani e imprenditori che ci hanno preceduto e che sono riusciti a trasferirci non solo una grande tecnica di esecuzione, ma soprattutto il piacere di continuare a sognare nuove "forme" di futuro.

Choosing a Cierre Imbottiti sofa is a sign of good taste. But creating such a product is something much more complex that cannot be identified as a business operation only. Creating a Cierre sofa involves even more the passion and strong feelings that we bring to our work. We design our future products with the firm belief that what we are creating is the result of a long-lasting and skilled experience in the Italian tradition of handcrafted upholstered furniture industry. The history of a company cannot be seen only as a background information. It is also a guarantee of experience and professionalism we trust in and inspire by in order to create an innovative design. Following our long history, we know that the real elegance is achieved when developing this idea in the most simple way. The result is a product with a timeless aesthetic value deriving from almost 40 years experience and constant work, during which men and women working for Cierre have being sharing the same plans and aims. Thanks to the craftsmen and business men that worked for our company in the past, from whom we learned skilled working methods as well as the pleasure of imaging new future "shapes", today we are able to offer high quality upholstered furniture to our customers.

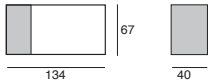
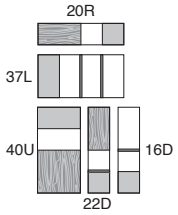
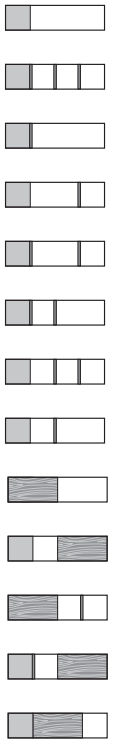
Misure modulo piccolo:
Small unit size:

Misure modulo grande:
Big unit size:

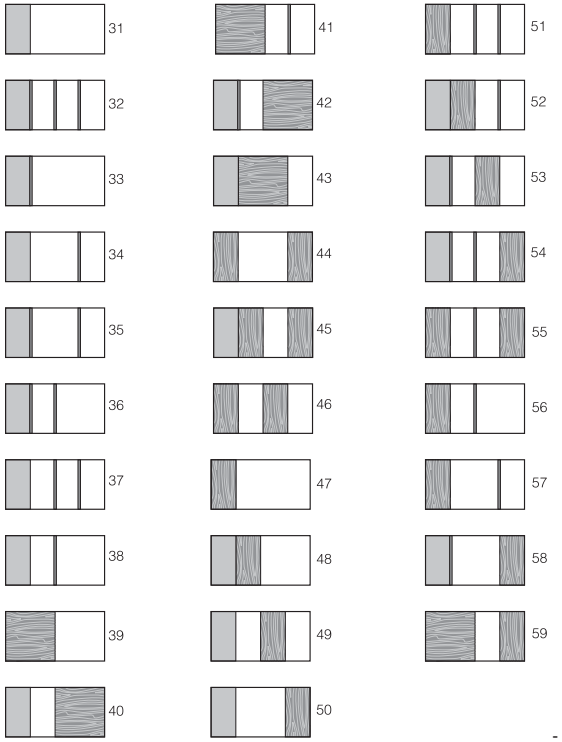




Elementi modulari piccoli
Small modular units



Elementi modulari grandi
Big modular units



Posizionamento moduli
Il numero definisce il modulo, mentre la lettera ne definisce il verso. Ogni modulo ha nella parte posteriore una lamiera che lo chiude: questa ne determina l'orientamento.
Esempio:

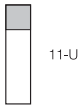
Sens des modulus
Chaque module est identifié par un numéro, alors que le sens est identifié par une lettre. Tous les modules sont cloisonnés dans la partie arrière par une tôle en métal qui détermine le sens du module.
Exemple:

Furniture units direction
Each furniture unit is identified by a number. The unit direction is instead identified by a letter. Each unit is closed on the back side by a metal sheet determing the unit direction.
Exemple:

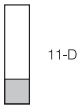
Positionierung der Module:
Jedes Modul wird von einer Nummer identifiziert, während seine Richtung von einem Buchstaben definiert wird. Jedes Modul ist von einem Blech auf der Rückseite abgeschlossen, das die Ausrichtung des Moduls bestimmt.
Beispiel:

Lamiera a sinistra: L (left)
Left metal sheet: L (left)
Tôle à gauche: L (left)
Blech links: L (left)

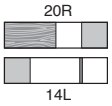
Lamiera a destra: R (right)
Right metal sheet:R (right)
Tôle à droite: R (right)
Blech rechts: R (right)

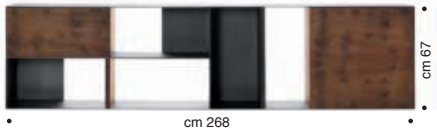


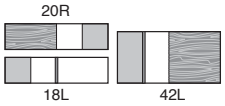
Lamiera sopra: U (up)
Upper metal sheet: U (up)
Tôle en haut: U (up)
Blech oben: U (up)

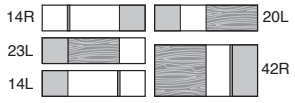


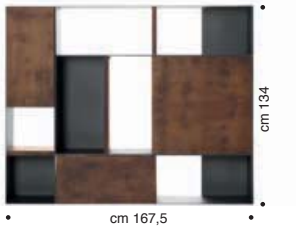
Lamiera sotto: D (down)
Down metal sheet: D (down)
Tôle en bas: D (down)
Blech unten: D (down)

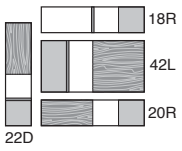


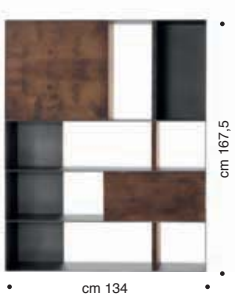


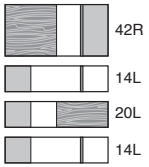


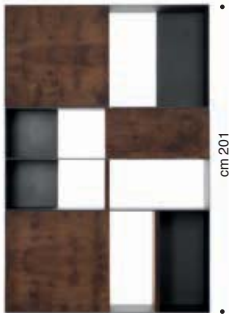


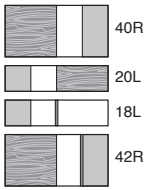


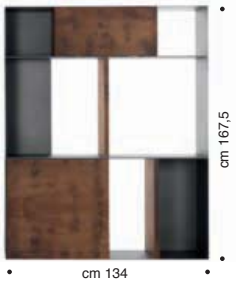


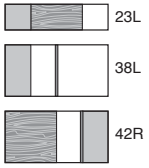












karma tavolo (280x95 cm) – argento/rovere

karma table (280x95 cm) – silver metal/oak finish
